### ARE YOU LOOKING FOR A NATURE ORIENTED ADVENTURE FOR YOURSELF? YOUR FAMILY? YOUR FRIENDS?

Imagine a week of summer fun, focused on the sights and sounds of nature, where program choices abound for all ages. Imagine exciting activities and adventures that touch a variety of interests, for all interest levels, attention spans, levels of outdoor experience, or familiarity with Mother Nature. During the day, youngsters join others in their age group for fun activities, led by experienced environmental educators, while adults can choose from a

wide variety of classes, crafts, hikes and field trips. This is what Family Nature Summits are all about.

Family Nature Summits were founded by the National Wildlife Federation more than 30 years ago. Although the National Wildlife Federation is no longer the direct provider of the Family Summits program, NWF has partnered with Family Summits, Inc., a new non-profit organization, to continue to provide

this  
wonderful  
opportunity

for folks to experience and learn about nature together. Family Summits Inc. was created by a dedicated group of NWF member families and Summit participants to keep the Summit tradition alive. The 2007 Family Nature Summit will be held at the Blue Ridge

Assembly in North Carolina August 4 - 10.
