VOLUME 1, NUMBER 17

"The best remedy for those who are afraid, lonely or unhappy is to go outside, somewhere where they can be quiet, alone with the heavens, nature and God. Because only then does one feel that all is as it should be and that God wishes to see people happy, amidst the simple beauty of nature."

Ann Frank

Coming Soon the On-Line Program Book

The wait is almost over. To save the environmental impact of both printing and mailing the program book to all families, we will post the program book on our website so it can be downloaded and reviewed on your computer. We are in the final hours of assembling the massive puzzle required to make the program. Trying to balance the agenda with outdoor activities and stimulating learning sessions is a daunting task. Our faculty is pulling together a program that is action packed where you'll be left to ponder long and hard about which programs to select. We will send a message as soon as the program book is available.

Planning for 2008

Though the 2007 summit is still two months away, we are planning for the 2008 Family Nature Summit. We are considering several facilities West of the Mississippi. During the 2007 summit we will have the opportunity to pre-register for 2008. You can help us with site selection by participating in our survey.
