Recruit a New Summiteer - Earn a Reward

Family Nature Summits will be offering a cash incentive for anyone registered for the 2010 Sierra Nevada Summit by **January 31, 2010** and who recruits new participants ("yellow-scarfers") and gets them to register from now until on or before January 31, 2010.

This "yellow-scarfer" incentive will be in the amount of \$50 for each and every new "yellow-scarfer" who is successfully recruited and registered by the deadline.

The \$50 incentive per "yellow-scarfer" applies to any registrant at the Jr. Naturalist Age Group or older. The \$50 incentive will only apply once for each "yellow-scarfer." The registration form has been modified so that "yellow-scarfers" can identify the person who recruited them (and who then qualifies for the \$50 incentive).

The \$50 incentive will be deducted from any final program fees due at registration. As a volunteer-run organization, we fully appreciate everything our membership does and can do to promote and sustain the Family Nature Summit program.
